PRESTO®

### Aluminum Canner Cooker

Pressure canning is the only method recommended safe by the U.S.D.A. for low-acid foods such as vegetables, meats and fish. The easy-to-read gauge automatically registers a complete range of processing pressures. Air vent/ cover lock allows pressure to build up only when the cover is closed properly and prevents the cover from opening until pressure is safely reduced. This Presto Pressure Canner also doubles as water bath canners for preserving fruits, jams, jellies, pickles and salsas. Constructed of extra-strong, warp-resistant aluminum and suitable for use on regular and smooth-top ranges. Includes cooking/canning rack and complete instruction and recipe book.

- Mason Jar Capacity: 12 Half-Pints, 10 Pints, 7 Quarts

## Old Hickory Kitchen Cutlery

Superb American hand craftsmanship, the finest high carbon steel and genuine hickory wood are the ingredients for the Old Hickory line of knives. Over 20 hand operations are performed to produce an Old Hickory Knife. Blades are tempered and hand ground to retain sharpness. Hickory handles are flame burnt and buffed for a unique antiqued finish. Each knife shown on this page is packaged in a protective shin pack or open carded to insure factory-fresh product at store level.

# METAL CLEANERS

## METAL POLISH

### Nevr-Dull

It's So Easy To Use! Saves Time, Work and Money. Nevr Dull is so easy to use you'll honestly be amazed. All you do is tear off a small wad of Nevr Dull and rub slowly over the surface to be cleaned. Then take a dry cloth and gently buff. That's all you have to do and metals gleam and sparkle as never before. No liquids to shake or spill, no mess to clean up, yet rust and tarnish disappear in a jiffy leaving a high lustre and protective film.
